PROFILE SUMMARY

Analytical Full-Stack Developer and CSE student at BMSCE with a strong track record in building scalable applications. Proficient in the MERN stack, Next.js, and real-time cloud integrations. Experienced in collaborative environments bridging the gap between hardware and software to deliver complex technical solutions.

PROFESSIONAL EXPERIENCE

Avionics & Software Engineer | BMSCE Rocketry Ground Station Dashboard | Feb 2026 – Mar 2026

- Architected a high-performance, real-time Ground Station telemetry dashboard using React, processing incoming sensor packets with a 30% reduction in data latency to ensure precise flight path monitoring.
- Utilized the Web Serial API for robust hardware-to-browser communication, implementing state estimation algorithms to map 100% of live flight diagnostics with 3D path visualization.

TECHNICAL PROJECTS

Full-Stack Developer | Kalakriti Artisan Marketplace | Oct 2025 – Jan 2026

- Engineered a full-stack Single Page Application (SPA) utilizing React and Node.js, optimizing UI/UX workflows to reduce page load time by 20% and streamline the vendor onboarding process.
- Designed and integrated secure REST APIs with Supabase and Firebase for real-time data synchronization, securely modeling database architectures to manage 500+ artisan product inventories.

Mobile App Developer | Attendance Management System (AMS) | Jan 2026 – Feb 2026

- Built a cross-platform academic app utilizing Flutter and Dart, delivering an interactive tracking dashboard that streamlined attendance verification for 300+ students and educators.
- Designed a NoSQL database schema using Firebase Firestore, implementing domain-locked authorization rules that reduced permission processing overhead by 15%.

EDUCATION

B.E. in Computer Science and Engineering

BMS College of Engineering (BMSCE), Bangalore | Aug 2024 – Present | CGPA: 9.33

PRE-UNIVERSITY

Creative PU College, Karkala | Jun 2022 – May 2024 | Percentage: 98%

SSLC

St. Joseph's High School, Chikmagalur | Jun 2021 – May 2022 | Percentage: 97.76%

CERTIFICATIONS

- Ultimate Web Development Course** – Udemy (Aug 2025).
- C for Beginners** – Great Learning Academy (Jan 2025).

SKILLS

- Programming Languages:** JavaScript, TypeScript, Python, C/C++, Java.
- Web Development & Frameworks:** React, Node.js, Express.js, Flutter, Dart.
- Databases:** SQL, MongoDB, Supabase, Firebase.
- Tools & Methodologies:** Git/GitHub, Postman, Unit Testing, Debugging.

PROFESSIONAL ATTRIBUTES

- Problem-Solving, Teamwork, Communication, Analytical Thinking
